

Battleships

1. Write **6 questions** about what we have covered this unit, for your partner to answer . Make sure that you know the answers to your own questions!

2. Write your questions in any of the boxes in the table below . Only one question per box.

2. Play battleships with your partner .
 - don't let your partner see your grid
 - take turns to call out a grid reference (eg. B3) to your partner.

If you "hit" on a box that has a question written in it, you "destroy" it, but **only if you answer the question correctly**. If you get the answer wrong, try again next go!

The winner is the one who destroys most battleship-questions first!
